2. City Manager’s Report

Special Election:
Two people have qualified to run for the vacant seat in Ward 2. We are now allowing absentee voting. City Hall will be open this Saturday at 8:00 am to noon for absentee voting. The election will be Tuesday, October 13th as scheduled.

Public Works:
Live Oaks, Phase 1 is complete with a final inspection planned for tomorrow morning. Most of the striping has been completed. The Traffic Study has started.

Blessing of the Classics:
Chairman Mark Duffy has done a great job pulling the event together again. The Public Works staff has worked hard to get us ready to look our best and ready to host visitors. The Sheriff’s Office, Captain Luther and the Deputies have been very supportive. The commercial business owners are thankful for the change in parking and are more supportive this year. Mr. Grotkowski should be commended for his annual support of the event, he has allowed us to use his property, provided a power pole and has accommodated our every request. We are looking forward to a successful event.

Drainage projects:
Protest of award on Kapalama Drive and Ahekolo Circle and probable protest on Apua and Iona Streets over a requirement in the advertisement and bid specifications as follows: shall require a Contractor to be classified in the following category Highway Street and Bridge Construction by the Mississippi Board of Contractors. The low bidder on both projects doesn’t have the certification. After legal review it is our recommendation to the Council to reject the bids on all four projects and vote to re-advertise with amended specifications.

East Hancock Library Closure:
The local library was closed by the Library Board of Directors in Hancock County due to the funding cut made by the Board of Supervisors. Several of us made an appeal to the Board of Supervisors yesterday to discuss keeping the library open but nothing has been done to reverse the decision to date.

DWSD office space:
After meeting with Mr. Nolan and Ms. Depreo for a look around the building a consensus was reached to allow the use of the old sanctuary for the possible relocation of their administrative offices. The potential to modify the front entry to create a drive through makes that a great use of the sanctuary, plus the parking is more convenient and accessible for customers.

The Police Department recap for the month of September was presented.

Also present and presenting an update was the City’s Grant Writer, Michele Moore.
3. Public Comments on Agenda Items –

Darrel Kinchen of the POA spoke in favor of the proposed dog park and provided a detailed report outlining its construction, operation and maintenance. He also assured the Council the park would be set in the center of the property to ensure it would not become a nuisance to neighbors.

Laura Colavita spoke in favor of the dog park citing estimated statistics including number of dog owner’s in Diamondhead. She stated the park would be beneficial and a valued amenity.

Ms. Colavita then read aloud a letter submitted by Dr. Matthew Moore in favor of the dog park as it related to exercise and health concerns for dogs.

Kathy Norton, acting President of 4-Paws Park Association referenced the P&Z Commission denial of the park to the passing of it the president, Tammy Stagg. She said the Association never got opportunity to submit its final proposal, operation and maintenance plan.

Tina Richards – Agreed with previous comments and stated that socialized dogs are better dogs.

Joe Baker – spoke in opposition of the proposed park location and not the park itself. He is neighbor to proposed site and does not want the dog park in his backyard.

Kathy Wilkinson – spoke in favor of the dog park for a number of reasons including socializing benefits to dogs.

Wendy Hatchett – resident of the Oaks Subdivision agreed with prior comments in support of the park. She also suggested if the City could support kayak and walking trail, it should also support the dog park.
