

Diamondhead
COUNTRY CLUB & PROPERTY OWNERS ASSOCIATION

March 22, 2019

To: Mayor Tommy Schafer and Honorable Diamondhead City Council Members

Re: Diamondhead Community Collaborative

I am writing on behalf of the Diamondhead Property Owners Association (DHPOA) Board of Directors, to ask that two members from the City of Diamondhead's City Council to be members of the Diamondhead Community Collaborative.

The Collaborative's purpose/charter is as follows:

The Diamondhead Community Collaborative (the Collaborative) was established by the Diamondhead Property Owners Association (DHPOA) to work with the city of Diamondhead (the city) to discuss and find joint solutions to our community issues. DHPOA believes that a strong, transparent, and collaborative effort between the DHPOA and the City of Diamondhead will help unite our community and generate lasting solutions to our most pressing problems. This document details the establishment of the Collaborative to provide support to the President of DHPOA and the city. The Collaborative will act as a recommending body and resource to DHPOA's President. Areas of focus will be interactions between the DHPOA and the city.

Sincerely,

Bob Marthouse
President
Diamondhead Property Owner's Association
