## Paddle Paradise

On Saturday, September 27th, paddlers of all ages glided through the beautiful waterways around Paradise Bayou during the city's sixth annual Paddle Paradise event. Almost 100 kayaks, canoes, and paddleboards launched into the bayou for a four-mile paddle designed to showcase Diamondhead's scenic waterways and promote the community's blueways. Families, children, and seasoned paddlers alike joined in the fun! . Special thanks to event sponsors- Department of Marine Resources, Silver Slipper, DH POA, and Rouse's.

## Blessing of the Classics

Mark your calendars to join us for Diamondhead's Cruisin' the Coast event- Blessing of the Classics, on Wednesday, October 8<sup>th</sup>. Live entertainment and food trucks will begin at the Diamondhead Town Green at 1:00. The classic car parade will roll at 4:00, as they travel to the Blessing Circle. Please note that the parade route has changed this year. The route will begin on DH Drive East toward the water tower, then to DH Drive West, DH Drive North, and back to City Hall. It is a counter clockwise route around the circle.

## City Projects Update

**MDOT Projects-** Final striping of the roadway is happening. Signage will be installed in the next few weeks. The multimodal path is currently not available for use, as MDOT is working on finalizing it.

**Coon Branch-** The project is 180 days with a current end date of 12/13. Work now is installing the drainage culverts and inlets.

**Canal Dredging-** Bids were rejected and project will be readvertised.

**Jordan River Boardwalk-** MDEQ is reviewing the updated plans and specifications.

**Montjoy Creek-** USACE is reviewing plans.

**Hazard Mitigation Program-** Updated scope change to MEMA for the generator grant. An appraiser is working on the property acquisition project for residents.

**Bank Stabilization-** Engineers have presented preliminary design drawings for Phase 1.

**Pelican Cove-** Drainage Project-Engineer presented the design at the last city council meeting.

**Rotten Bayou Nature Trail-** Engineer is currently surveying the trail to create the legal description.

**Fitness Park-** All parties have signed lease agreement. Public Works will prepare land for the fitness equipment.

**Dog Park-** Public Works is currently working on rerouting the ditch according to engineer's design and clearing brush.
